*\*\*\*The terms of deposits of non-resident legal entities are regulated on contractual basis.*

## AMERIABANK

### Terms of Time Deposits for Legal Entities

Terms and conditions for deposits over AMD 2 billion or foreign currency equivalent shall be subject to the internal regulations of the Bank.

<sup>1</sup>The client may not increase and/or partially withdraw the deposited amount.

<sup>2</sup>The client may top-up the deposited amount throughout the deposit term except the last month. Maximum allowed increase is 30% of initial deposit principal.

<sup>3</sup>The client may withdraw part of the deposited amount throughout the deposit term except the first month. Maximum allowed withdrawal is 30% of the deposit principal. The same interest rate without recalculation applies to withdrawn amounts.

<sup>4</sup>The client may top-up the deposited amount throughout the deposit term except the last month and withdraw part of the deposited amount throughout the deposit term except the first month. Maximum allowed withdrawal or top-up is 30% of the deposit principal. The same interest rate without recalculation applies to withdrawn amounts.

**The interest rate applicable to the deposit is determined as arithmetical sum of Ameria Deposit interest rate (based on the selected term and interest payment scheme) and the rate applicable to the selected option (top-up, withdrawal, etc.).**

If the deposit is requested back before the due date, the bank shall recalculate and repay the amount based on the depositor's withdrawal application. This being the case, the bank shall pay interest at a 0.1% annual interest rate (the rate commonly applied to demand deposits) instead of the rate defined by the deposit agreement. If the interest chargeable back after recalculation has already been paid to the client, the difference between such interest and interest at 0.1% annual interest rate shall be charged to the deposit. This clause shall be applicable unless otherwise defined by the deposit terms and/or deposit agreement.
